COVID-19 Update

On Wednesday, January 5, we were notified that one individual at our Dousman Street location and one individual at our Stiles Road location tested positive for COVID-19. Per our protocols, we have asked the individuals to isolate until they are well. We have completed internal contact tracing per CDC guidelines and notified those who may have been in close contact and need to quarantine. If you have not been notified, your loved one/ward was not in close contact with the individual. Additional disinfecting has also taken place.

ASPIRO follows the best practice of having everyone wear a face mask, encourage hand washing/using hand sanitizer and practice social distancing. Additional cleaning and disinfecting also takes place daily at the Dousman and Stiles locations.

ASPIRO is determined to provide a safe and welcoming place for the people who utilize our services and we look forward to welcoming these individuals back upon their recovery.

We will post any positive COVID-19 cases announcements on our website: www.aspiroinc.org.
